7.0 PROPOSAL EVALUATION CRITERIA

An Evaluation Team comprised of representatives designated by the Zoo will evaluate responses to the RFP.

There are three steps to the pre-defined evaluation process:

- Step 1 – Initial Review of Responses
- Step 2 – Evaluation of Submitted Proposals
- Step 3 – Evaluation of Presentations

Step 1 – Initial Review of Responses

The Zoo will open only those Proposals received by the Proposal Deadline and time specified within this RFP. Immediately upon opening, the Zoo will review each Proposal for compliance with the instructions and conditions applicable to this RFP. The Zoo, at its option, may seek Proponent retraction and clarification of any discrepancy/contradiction found during its review of Proposals.

Step 2 – Detailed Review

Evaluation Point Rating [Threshold Requirements]

Proposals will be assessed on a point rating system, outlined below, with a maximum 80 technical and experience points and a maximum of 20 for proposal fee. This is used to determine each proponent’s strategic and technical fit to the needs described in the proposal documents. The technical points will be added together with the reference and proposal fee points (outlined below) to determine a final point score out of 100.

Proposals scoring less than a total threshold of 56 (70%) technical and reference points will be considered technically unacceptable. Proposals that meet or exceed the 56 technical point threshold score will have their proposal fee scored.

Criteria	%
Demonstrated experience working full time as an Medical Consultant	25%
Demonstrated qualifications and Occupational Health Medical Consultation experience with work related injuries	25%
Demonstrated qualifications and experience developing and/or providing claims management and support in the field of Occupational Health	30%
THRESHOLD – TECHNICAL AND EXPERIENCE EVALUATION	56
Fees	20%

Pricing is worth 20 points of the total score. Pricing will be scored based on a relative pricing formula of each Proponent. Each Proponent will receive a percentage of the total possible points allocated to price for the particular category it has submitted a Proposal for, which will be calculated in accordance with the following

- a. The lowest cost proposal receives 20 points.
- b. The remaining Proposals are assigned based on the following formula

$$\text{Lowest cost proposal} \div \text{Proponent's Price} \times \text{Weighting} = \text{Proponent's Pricing Points}$$

Stage Three – Interview (if required)

Based on the paper submission proposal scoring, high-scoring Proponents may be asked to attend an interview.

Proponent’s presentation of proposal and performance, including ability to answer questions

The proposals submitted will be evaluated using the evaluation criteria and will be comprehensively reviewed by the Selection Team. It is the sole discretion of the Toronto Zoo to select its Selection Team and to retain additional members and advisors as deemed necessary.

The Selection Team will select one or more proposals which in its sole opinion:

- a) Meets or exceeds the evaluation criteria, including but not limited, as outlined above;
- b) Has a demonstrated track record of success with similar projects, and
- c) Provides the best value, but may not necessarily be the one(s) offering the lowest fees.

All proposal scores and rankings shall be the property of the Toronto Zoo and will not disclose any of the same during or after the evaluation process. Due to budget and time constraints, the Selection Team will not be able to provide debriefs for unsuccessful proponents. By responding to this RFP, the proponents will be deemed to have agreed that the decision of the Selection Team will be final and binding.
